Education

Texas Southern University, *College of Science, Engineering, and Technology (COSET)* - Houston, TX 08/2019 - Present
Bachelor of Science in Computer Science | **GPA:** 3.95 / 4.00

Courses: Discrete Mathematics, Computer Organization & Architecture, Computation Theory, Data Structures & Algorithms, Computer Networks, Programming Paradigms, Computer Ethics, Software Engineering

Reference: Muhammad Khan, P.h.D (muhammad.khan@tsu.edu)

Honors: Summa Cum Laude, President's List, Google Developer Challenge Scholarship

Activities: IEEE Computer Society

Texas Southern University, *College of Science, Engineering, and Technology (COSET)* - Houston, TX 08/2020 - Present
Bachelor of Science in Mathematics | **GPA:** 3.96 / 4.00

Courses: Pre-Calculus, Differential Calculus, Integral Calculus, Multivariate Calculus, Linear Algebra, Differential Equations, Mathematical Logic, Complex Analysis

Reference: Jahmario Williams, P.h.D (jahmario.williams@tsu.edu)

Honors: Summa Cum Laude, President's List, COSET Scholarship

Texas Southern University, *College of Science, Engineering, and Technology (COSET)* - Houston, TX 08/2023 - Present
Bachelor of Engineering in Computer Engineering

Courses: Artificial Intelligence

Reference: Ismet Sahin, P.h.D (ismet.sahin@tsu.edu)

Experience

Texas Southern University | Volunteer - Houston, TX 08/2019 - Present
University Tutor

- Volunteered to tutor several of my colleagues in computer science and mathematics via Zoom
- Shared resourceful website links with my colleagues such as ClaimItTexas.gov and TheForage.com
- Created practice exams for my colleagues to study for midterms and finals

Projects

University Logo | Texas Southern University - Houston, TX 08/2019 - Present

- Utilized Illustrator to create a new modern insignia emblem seal for the university
- Continued to iterate upon the design to keep up with the latest trends

Instructor Website | Texas Southern University - Houston, TX 08/2022 - Present

- Bought a custom domain through Hover.com to redirect all requests to a third-party by editiing the default nameservers
- Created an account with CloudFlare.com to package those requests in a secure and encrypted connection
- Built the website all on GitHub.com to serve those requests using its built-in online code editor
- Continued to update the website as needed

Skills

Environments: Visual Studio, PyCharm, WebStorm, CLion, IntelliJ, OverLeaf

Programming: Python, JavaScript, C, Java, Visual Basic, C++, SQL, Ruby, Bash, R, PHP, LaTeX

Programs: Word, PowerPoint, Excel, WhiteBoard, Photoshop, Illustrator, After Effects, Premiere Pro, Zoom, ChatGPT, Bard

Operating Systems: Windows, Ubuntu, Android

Interests: Basketball, Wing Chun, Dog Walking, Running, Digital Painting, Bitcoin

Languages: English (native), Spanish (fluent), Japanese (fluent)
